- The N.S.S. was organized to give an embodiment of the youth's power, creative power, according to Mahatma Gandhi, the Father of nation. But the purpose for which N.S.S. was established is decaying, because a number of colleges are not taking interest in arranging special camps and conducting regular programmes. The absence of students in colleges and lack of grouping sentiment is the matter of anxiety. To unite the society, to nursh the suffering humanity and to accelerate the development of nation, creative mentality may be developed among students by means of N.S.S., J.P.U., Chapra and their participation may be ensured in creative process.
